April 17, 1938

Dearest Blanche,

I've had a severe attack of house cleaning in preparation for company, & good luck of company so my reply to your letter has been delayed by that & by the fact that I knew you were away.

I hope you are having a fine time & will thoroughly enjoy tomorrow's meeting. I have decided I'll try to attend Colonists, if the company that I expect this next week end leaves in time.

It is indeed wonderful to think Mrs. Keesee may have first families than Simmons & nothing would give me more pleasure. She is one of the finest characters I know & deserves the best. I have not yet been able to go over all the Simmons data & study it by the Founders' paper which is indeed a sketchy affair. Can you lay this aside for about a fortnight? By that time I think I shall have assembled the stuff & can tell where the papers are. To tell the truth, I've been trying to work out an F.F.V. eligibility on another line as a surprise for Mrs. Keesee & haven't breathed a syllable yet to her so please don't say anything about it. She is so appreciative of anything & nothing does that I'd hate to get her hopes up for nothing. I believe it would be well to have kept quiet so have kept quiet. I believe it would be well for you to say nothing about the Simmons until it is done, for while I agree with you that the paper doesn't hang together it would be very humiliating to Mrs. Keesee to have it said she was in Founders on the wrong line, and it wouldn't be anything for which she was responsible, either. So please let's work quietly. I'll get the data together by the end of the month & come to see you, if I may. It seems to me some times that Mrs. Keesee has had worse luck with genealogists than anyone I ever knew of. She has paid promptly &

liberally & gotten mighty slipshod work. I think this paper very poor but nothing is to be gained by speech, so I guess silence is best.

Well, I must stop & write some letters. Have been checking over F. F. V. papers most of the afternoon, getting the duplicates together & send Mrs. Hodgkins. You have done some splendid work for Mrs. Hines & Mrs. Belk & it is always a pleasure to go over one of your logical chains of reasoning.

I had a long letter from Mrs. Bulkley, which I enclose. Will you read, interpret & return that I may answer? I have no idea who Mrs. MacCart is or to what organization she belongs. It seems as if Mrs. B. has confused our Col. Dames with something else, but I'm not sure, so shall appreciate any information you can give me.

With lots of love

Yours, Nell T.
